

# PADUCAH LIFE CYCLE BASELINE

Subproject	2003	2004	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014	2015	2016	2017	2018	2019	
Surface Water N/S Ditch																		
Surface Water On-site																		
Surface Water Off-site																		
Groundwater Investigations																		
Southwest Plume																		
Groundwater C-400 Action																		
Groundwater Fenceline Action																		
Groundwater Off-site Plume Action																		
D&D of C-410																		
D&D Inactive Facilities																		
D&D of C-340																		
Burial Grounds OU																		
Soils Remedial Action																		
Soils Removal Actions																		
STP / Mixed Low Level Waste Disposal																		
TSCA Waste Disposal																		
Low Level Waste Disposal																		
Scrap Metal																		
DMSA - Characterization/Remediation																		
UF6 Cylinder Storage																		
DUF6 Cylinder Conversion																		Projected completion 2011
Waste Infrastructure																		
Miscellaneous Facilities S&M																		
D&D S&M																		
Newly Generated Waste Disposal																		
Remediation S&M Projects																		
Routine S&M Projects																		
PCB Activities																		
Waste Operations																		
Safeguards and Security
