Liaison Comments

Winner No Comments.

Administrative Issues

- ***Election of Chair and Vice Chair***

Board Elected Ralph Young as Chair and Maggie Morgan as Vice Chair. Both members had no opponents and were voted unanimously.

- **Review of FY 2012 Work Plan**

Work Plan is available for viewing on the CAB website www.pgdpcab.energy.gov

- **Recommendation 11-07 Re-Enrichment of High Assay Tails**

Present by **Clayton**, and available on the CAB website www.pgdpcab.energy.gov. Board voted on the recommendation, meeting no opposition.

Motion Approved. Recommendation Passed.

Sub Committee Comments

Peterson updated Board on Historical Preservation efforts with interviews for Oral Histories.

Public Comments

Vander Boegh last time he attended, there was a comment about Work for Others by DOE and wanted to know the status. Several people have heard about the b beryllium in building 340 and the multiple claims on beryllium. Can DOE present to the community about the history of the beryllium at the plant? Can we propose that everyone be required to read Callous Disregard on the board? Chapter 11, discusses the beryllium. The materials that came from Hanford had it in it. This book is a guide for where it is and what level.

Clayton asked for any further comments. There being no further business, the meeting adjourned at 7:50 p.m.
