State Agencies Continue Swimming Advisories for Kentucky Lakes and Streams

The Kentucky Division of Water and the Department for Public Health today announced that swimming advisories, in place because of high levels of E. coli bacteria, will remain in effect until further notice. People ...[Continue reading](#)

New Issue of *Demil Dispatch* Now Available

Kentucky Division of Waste Management's Blue Grass Army Depot section provides information on the Bluegrass Army Depot demilitarization effort through the *Demil Dispatch* newsletter. Articles in this issue include: ...[Continue reading](#)

SNIPS

Not all news needs to be covered through an extended article. But it is still important that you know about activities and decisions that may affect your business, communities and families. To help keep you informed, the Division of Compliance ...[Continue reading](#)

Ozone Season Is Here

Here's a chemistry question for you: Mix nitrogen oxides (NOx) with volatile organic compounds (VOCs), then add heat and sunlight. What do you get? Ground-level ozone, a potent pollutant that can seriously impact air quality, human health, and even plants. ...[Continue reading](#)

Kentucky Department for Environmental Protection—Strategic Operational Plan for State Fiscal Year 2015

The Kentucky Department for Environmental Protection (KYDEP) is pleased to announce the completion of its 2015 strategic operational plan. Each year, the six agency divisions, the Division of Water, the Division of Waste Management, the Division of Air Quality, the ...[Continue reading](#)
