Potentially Harmful Algal Blooms Identified in Several Kentucky Lakes

The Kentucky Division of Water (DOW) and the U.S. Army Corps of Engineers (USACE) have confirmed the presence of potentially harmful algal blooms (HABs), or cyanobacteria at levels exceeding recommended ...[Continue reading](#)

Kentucky Provides a Report Card on Drinking Water Systems— Results Show Health-Based Violations Continue to Remain Low

The Division of Water (DOW) is providing citizens with the opportunity to check to see if their public water systems are in compliance with the federal Safe Drinking Water Act when they review a DOW report that summarizes ...[Continue reading](#)

Nominations Sought for DEP Environmental Excellence Awards

The nomination period is open for the 2014 Department for Environmental Protection's (DEP) Environmental Excellence Awards. These awards were established to recognize the environmental leadership efforts and activities of individuals, businesses and organizations in the state. The DEP awards are ...[Continue reading](#)

New Issue of *UST Quarterly* Now Available

The most recent issue of the *UST Quarterly* is now available for download at <http://waste.ky.gov/ust/USTQuarterly>. The *UST Quarterly* is focused on aiding underground storage tank (UST) owners, operators, contractors and companies with timely information regarding the regulatory aspects of owning ...[Continue reading](#)

SNIPS

Not all news needs to be covered through an extended article. But it is still important that you know about activities and decisions that may affect your business, communities and families. To help keep you informed, the Division of Compliance ...[Continue reading](#)
