Crews are making great progress at the Maxey Flats Disposal Site. All 274 trench sumps are undergoing preparation for the final cap. Check out these agency photos of recent work within restricted area. Protruding Trench Sump Risers of the 274 ...[Continue reading](#)

Wastewater Lab Certification—Compliance Reminder

The Kentucky wastewater laboratory certification regulation 401 KAR 5:320 has a compliance date of Jan. 1, 2015 for all general laboratories. A general laboratory is any facility that performs analysis required for a Kentucky Pollutant Discharge Eliminations System (KPDES) permit ...[Continue reading](#)

Conversation with Sean Alteri, the New Director of DAQ

You've worked for DAQ for more than 16 years. Can you tell us a little about your past experience at the division? Sure. I began my career with the division as a permit engineer in the metallurgy section of the ...[Continue reading](#)

SNIPS

Not all news needs to be covered through an extended article. But it is still important that you know about activities and decisions that may affect your business, communities and families. To help keep you informed, the Division of Compliance ...[Continue reading](#)
