### **Federal and State Agencies Announce Plan to Enhance Kentucky's Water Quality**

Kentucky will receive \$4.4 million in investments over the next five years through the U.S. Department of Agriculture's Regional Conservation Partnership Program (RCPP). Federal and state agencies are partnering to improve water quality in the Commonwealth. This first RCPP project ...[Continue reading](#)

### **Kentucky Certification Programs Fact Sheet**

The Division of Compliance Assistance (DCA) has developed a fact sheet addressing Kentucky Department for Environmental Protection (DEP)-issued certifications that may be required to perform work throughout the Commonwealth, including those for asbestos-related activities; gasoline tank trucks; well drillers; ...[Continue reading](#)

### **Current Job Openings at the Department for Environmental Protection**

If you are interested in working at the Kentucky Department for Environmental Protection and have a passion for public service, we encourage you to apply for the vacancies found on the DEP Careers Page. You can view additional information about ...[Continue reading](#)

### **SNIPS**

Not all news needs to be covered through an extended article. But it is still important that you know about activities and decisions that may affect your business, communities and families. To help keep you informed, the Division of Compliance ...[Continue reading](#)

### **DWM to Hold Public Meeting Regarding Former Federal Mogul Facility**

The Kentucky Division of Waste Management (DWM) will meet with the public to discuss the status of the ongoing environmental investigation at the former Federal Mogul facility located at 2640 ...[Continue reading](#)

## **Cleaner Commonwealth Fund Offering Cleanup Grants**

The Kentucky Brownfield Redevelopment Program is announcing the availability of cleanup grants through the Cleaner Commonwealth Fund (CCF). The CCF is a grant-and-loan fund established with an \$850,000 U.S. Environmental Protection Agency Brownfield Revolving Loan Fund Grant. The program is ...[Continue reading](#)

## **Recycling of Surplus Electronic Devices (e-scrap)**

E-scrap is a popular, informal name for electronic products nearing the end of their “useful life.” Computers, televisions, VCRs, stereos, copiers and fax machines are common electronic products. Many of these products can be reused, refurbished or recycled. In this technology-driven ...[Continue reading](#)
