RE: Response to the Expedited Review Request for the C-400 Vapor Intrusion Study Work Plan to Support the Additional Actions for the CERCLA Five-Year Review at the Paducah Gaseous Diffusion Plant (DOE/LX/07-2403&D1)
Paducah Site
Paducah, McCracken County, Kentucky
KY8-890-008-982

Ms. Duncan:

The Division of Waste Management (Division) received the abovementioned document, dated April 29, 2016. The DOE requested, in the transmittal cover letter, that the Division and the EPA submit approval/comments by May 31, 2016. As a secondary document, the FFA states that the regulatory agencies have 90 days to review the document. In addition, when DOE transmitted the D1 Work Plan electronically on April 29th, it was not transmitted to all three Vapor Intrusion Project Team [Division] Members, specifically Jeri Higginbotham. Due to extended work travel schedules, the document was not forwarded for her review until a few days ago, which does not allow adequate time for review. Unfortunately, the Division will not be able to accommodate the expedited review request; but the review will occur prior to the July 29, 2016 FFA deadline.

If you have any questions or require additional information, please contact Brian Begley at (502) 564-6716, ext. 4641 or e-mail at brian.begley@ky.gov.

Sincerely,

April J. Webb, P.E., Manager
Hazardous Waste Branch
