

DOE RELEASES FINAL REQUEST FOR PROPOSAL FOR PADUCAH GASEOUS DIFFUSION PLANT DEACTIVATION AND REMEDIATION SERVICES

July 21, 2016 - 2:00pm

Cincinnati -- The U.S. Department of Energy (DOE) today issued a Request for Proposals (RFP) for deactivation and remediation services at the Paducah Gaseous Diffusion Plant (PGDP). The RFP anticipates award of a Cost-Plus-Award-Fee (CPAF) contract that also contains an Indefinite-Delivery Indefinite-Quantity (IDIQ) Contract Line Item Number (CLIN) utilizing CPAF and Firm-Fixed Price (FFP) task orders. The total prospective period of performance is ten years, including option period(s). The current deactivation and remediation services contract at PGDP is held by Fluor Federal Services and expires on July 21, 2017.

DOE is releasing the RFP for the PGDP Deactivation & Remediation (D&R) services acquisition under full and open competition to solicit proposals from interested parties.

The deactivation and remediation services include but are not limited to: Transition; Project Management Support; Stabilization & Deactivation (including deposit / hold-up removal, Technetium 99 Thermal Treatment, Freon Disposition); Safeguards and Security (including design and construction of new modular firing range for firearms training, Limited Areas and protective force modular training complex); Landfill Operations; On-Site Waste Disposal Facility (OSWDF) design; Surveillance and Maintenance; Utilities Operations; and Environmental (Solid Waste Management Units (SWMUs) 211 A&B and C-400 Groundwater Remediation).
