RE: Records Request Pursuant to the October 2, 2003 Agreed Order Cylinder Management Plan for Depleted Uranium Hexafluoride
Paducah Site
Paducah, McCracken County, Kentucky
KY8-890-008-982

Ms. Duncan:

The Kentucky Division of Waste Management (Division) requests that Department of Energy (DOE) and the Operating Contractor provide site access to all records and information required under the Cylinder Management Plan for Depleted Uranium Hexafluoride (DUF₆), as per the October 2, 2003 Agreed Order. Section VI, Paragraph 2, Page 8 of the Agreed Order states that “within 30 days of receiving a written request by the Commonwealth of Kentucky for records required by this Plan, DOE and the Operating Contractor shall provide the records to the Commonwealth of Kentucky as outlined in the written request.” In addition, please provide on site access to all cylinder records pertaining to Section VI, Paragraph 3, Page 8, which states “within five (5) working days of the discovery of a breach, a written report shall be submitted to the Commonwealth of Kentucky documenting the details of the release, environmental monitoring that has been completed, corrective actions completed to date, and any further actions to be taken.” Furthermore, the Division has recently assigned Leo W. Williamson to replace the previously designated project manager in charge of coordinating the implementation of the 2003 Cylinder Management DUF₆ Agreed Order.

If you have any questions or require additional information, please contact Brian Begley at (502) 782-6317, or e-mail at brian.begley@ky.gov.

Sincerely,

Bill Schneider

For April J. Webb, P.E., Manager
Hazardous Waste Branch
